Instructions

Government Code Section 65400 establishes the requirement that each city, county or city, and county planning agency prepare an annual report on the status of the housing element of its general plan and progress in its implementation using forms and definitions adopted by the Department of Housing and Community Development. The following form implements Sections 6200, 6201, 6202, and 6203 of the Department of Housing and Community Development California Code of Regulations, Title 25, Division 1, Chapter 6.5.

Please note, per Government Code Section 65700, charter cities are exempt from preparing an annual report on the status of the housing element. However, all jurisdictions including charter cities must submit annual reports in those cases where submittal is required for certain funding programs. In addition, the Department encourages all jurisdictions to submit an annual report as the report is a useful tool in meeting the review and revise requirement of subsequent housing element revisions per Government Code Section 65588.

Completing Tables

The following instructions refer to the tables of Attachment 1:

- Table A: *Annual Building Activity Report- Moderate-, Low-, and Very Low-Income Units and Mixed-Income Multifamily Projects*
- Table A2: *Annual Building Activity Report Summary for Above Moderate-Income Units*
- Table B: *Regional Housing Needs Allocation Progress*
- Table C: *Program Implementation Status*

The instruction numbers coincide with the fields in the tables.

Table A

Annual Building Activity Report Very Low-, Low-, and Moderate-Income Units and Mixed-Income Multifamily Projects

Fields 1 through 5

Housing Development Information

Include data only on housing units and developments for which a building permit for new residential construction was issued during the reporting year. This table requires information for three of the four housing affordability categories and for mixed-income projects (very low-, low-, and moderate-income units). Local governments should report project specific data on above moderate-income units in Table A only where the reported units are part of a mixed-income multifamily project. Aggregate data for units affordable to above moderate-income households should be reported in Table A2.

Cities and counties which have issued permits for 1,500 or more multifamily units in the reporting period are not required to report the information required on Table A on a project-by-project basis for projects of less than 25 units. Information on these units may be summarized on one line of the Table but should be clearly identified in the project identifier of Table A as units that fall within this category. For example, as part of field one (project identifier) the qualifying jurisdiction could state "projects with 25 units or less" and report the subsequent information in the following fields in aggregate. In addition, information related to affordability of these units may be provided based on information other than building permits. However, if the information on the number of such units is not based on building permit data, the jurisdiction must provide an explanation as an attachment as to how these units were determined to be assigned to the reporting period. Upon request by the Department, the city or city and county shall provide back-up documentation for the information provided.

All new unit information is to be listed in the following fields:

1. Project Identifier: Can be the development's address, project name or the parcel's APN.
2. Unit Category Codes: Each development should be categorized by one of the following codes:
 - SF (single-family units)
 - 2-4 (two to four unit structures)
 - 5+ (five or more unit structure, multifamily)
 - SU (second-unit)
 - MH (mobilehomes)

Table A (continued)

3. Tenure: Identify whether the units within the development project are either proposed or planned at initial occupancy for either (i) Renter occupant (R) or (ii) Owner occupant (O).

4. Affordability by Household Income: For each development, list the number of units that are affordable to the following income levels (refer to *Definitions* in the regulations section for more detail):

- very low-income households (VL)
- low-income households (L)
- moderate-income households (M)
- above-moderate households (AM) - when part of a mixed-income multifamily project

To verify income levels, refer to the income limit charts on the Department's website of <http://www.hcd.ca.gov/hpd> (see section for Housing Element Annual Progress Reports, to be posted).

5. Totals: Represent the number of units within the identified development.

**Fields 6
through 7**

**Housing
Developed with
Public
Financial
Assistance
and/or Other
Mechanisms
that Restrict
the
Affordability of
the Unit**

Identify all housing units developed or approved with public financial assistance and/or have recorded affordability deed restriction or covenants.

6. Assistance Programs Used for Each Development: Assisted units are units that received financial assistance from the city or county and/or other subsidy sources and have affordability restrictions or covenants, and/or recapture of public funds upon resale.

From the list of programs below, select the applicable funding program(s) that apply and include the program in Table A using the acronym(s) as noted.

- TCAC: California Tax Credit Allocation Committee - 4 or 9 percent program (both federal and State tax programs)
- RDA: Redevelopment Agency Low- and Moderate-Income Housing Fund

Table A (continued)

- HOME: HOME Program (federal or State administered)
- MHP: Multifamily Housing Program (HCD) or local (specify which)
- HCD: Any Other Programs administered by HCD (not HOME, MHP or CDBG)
- CalHFA: California Housing Finance Agency Programs
- MRB: Mortgage Revenue Bond funds
- CDBG: Community Development Block Grant Program (federal or State administered)
- LTF: Local Trust Funds
- Other: Applicable Programs -- list any other applicable programs (including local programs) not listed

7. Deed Restricted Units: If units in a project are considered affordable to moderate- and lower-income households due to a local program or policy, such as an inclusionary housing ordinance, or regulatory agreement, such as a density bonus, identify the mechanism used to restrict occupancy on the basis of affordability to produce “deed restricted” units. For example:

- Inclusionary Zoning: Input “Inc” (inclusionary) in the field if the units were approved pursuant to a local inclusionary housing ordinance.
- Density Bonus: Input “DB” (density bonus) if applicable.
- For any other mechanism input the program policy identifier and attach description.

Table A (continued)**Field 8****Housing
without
Financial
Assistance or
Deed
Restrictions**

To claim units as affordable to lower- or moderate-income households without financial assistance and/or deed restrictions, affordability must be demonstrated by proposed sales price or rents.

- Sales prices and rents must meet the definition of affordable as defined in Health and Safety Code Section 50052.5.
- Describe how the newly constructed rental or ownership housing units were determined to be affordable to very low-, low-, and moderate-income households without either public subsidies or restrictive covenants based on sales prices or rents relative to the income levels of households.

**Fields 9
through 10**

Total the number of units per each income category permitted during the calendar year.

**Determine the
total units
permitted in
the reporting
year**

9. Enter in the total number of units reported in Table A2.
10. Total by income units (field 10 is located in the lower left hand corner of Table A): Add the number of units for each income category listed in Field 4, and enter the totals in Field 10. The result is the total number of dwelling units permitted during the reporting year.

Table A2**Annual Building Activity Report
Summary for Above Moderate-Income Units**

Report the total number of units affordable to above moderate-income households for which building permits were issued during the reporting period by unit category (i.e., single-family, 2-4 units, 5 or more units, second-unit, or mobilehome). In order to prevent double counting, units identified as part of a mixed-income multifamily project in Table A should not be included in Table A2.

Table B

Regional Housing Needs Allocation Progress

Report the number of units for which permits were issued to demonstrate progress in meeting its share of regional housing need for the planning period.

- The “income level” field lists the income level categories.
- “Regional Housing Needs Allocation by Income Level” – List the jurisdiction’s assigned RHNA for the planning cycle by income group.
- For each year of the planning cycle, list the permit data year by year beginning in the first year and ending with the data from the current reporting year which can be found in Table A. This data should be reported as deed restricted or non-deed restricted as appropriate.
- “Total Units to Date (all years)” – Add together the total number of units permitted in each income category.
- “Total Remaining RHNA by Income Level” – Use the information from the “Total Units to Date” category to deduct from your locality’s assigned RHNA number. In the bottom right hand corner, note the total units remaining to be developed to meet the RHNA allocation.

NOTE: Since forms are being completed in the middle of most local government’s planning period, information as specified may not be available for prior years. However, in future years (new planning period) the table should be completely filled out.

Table C

Program Implementation Status

Report the status of housing element program and policy implementation.

In particular, list local efforts, as identified in the housing element, to remove governmental constraints to the maintenance, improvement, and development of housing pursuant to paragraph (3) of subdivision (c) of Section 65583(c). Also detail the progress in implementing all specific programs and policies:

1. "Name of Program": List the name of the program as described in the element.
2. "Objective": List the program objective (for example, update the second-unit ordinance).
3. "Deadline in Housing Element": Enter the date the objective is scheduled to be accomplished.
4. "Status of Program Implementation": List the action or status of program implementation.

For your information, the following describes the statutory program requirements:

- Adequate sites (65583 (c)(1))
- Assist in the development of low- and moderate-income housing (65583 (c)(2))
- Remove or mitigate constraints (65583 (c)(3))
- Conserve and improve existing affordable housing (65583 (c)(4))
- Preserve units at-risk of conversion from low-income use (65583 (c)(6)(a))
- Promote equal housing opportunities (65583 (c)(5))
